# **CLASSES FOR GRADES 1-6**

## **Fall 2022**

We will have a bridge activity (Homework Club) beginning right after school only for kids who are enrolled in a later KASEP class that day. There will be an additional fee for this activity and you can only enroll on the day your child has a KASEP class. See Homework Club in class descriptions for more detailed information.

### **Basketball for Grades 1-3**

**Location** Basketball Court  
**Tuesday** 2:30-3:40  
**Class Size** 6-16  
**Cost** \$260 (12 weeks)

Kassirer Basketball was created by a former pro athlete, so students can have fun learning a sport they can play for a lifetime. Coaches provide kid-sized lighter basketballs! We group by grade and teach to each child's abilities. Students will learn professional quality fundamentals; defensive and offensive tactics, play fun games and scrimmage weekly. Our coaches emphasize sportsmanship, communication, technique and teamwork while instilling that every child can succeed through persistence and practice. Our coaches also make sure kids are socializing and having fun! Just wear athletic shoes and attire to class and our coaches will provide the rest.

### **Basketball for Grades 4-6**

**Location** Basketball Court  
**Tuesday** 3:50-5:00  
**Class Size** 6-16

### **Carpentry for Grades 1-3**

**Instructor** Sandy Thacker  
**Location** Recreation Building Room B  
**Wednesday** 1:50-3:00  
**Class Size** 7-8  
**Cost** \$330 (materials provided) 13 weeks

There's magic in creating something from nothing. You see something you really like, but instead of buying it, you make it yourself. Along the way, you learn new skills, the safe use of a variety of tools, and some practical math. When your project is completed, if it's a paddle boat, a marble maze, a birdhouse, a xylophone, or another item you come up with, it's always a great feeling to take it home to play with or use, or give as a special gift.

## **Carpentry Workshop for Grades 3-6**

**Instructor** Sandy Thacker

**Location** Recreation Building Room B

**Wed** 3:10-4:20

**Class Size** 6-8

**Cost** \$330 (materials provided) 13 weeks

There is a great satisfaction in working with wood. As you get more adept at working with tools, you can also expand your skills by creating more complex and creative projects, sometimes working from your own designs. When you finish a project, whether it's a pinball machine, a pool table, a xylophone, a stool, a bookshelf, or something else, it's a special feeling to know that you made it yourself to use or to give as a wonderful present to family or friends.

## **Chess for Grades 2-6**

**Instructor** Kim Roots

**Location** Recreation Building Room A

**Tuesday** 3:50-5:00

**Class Size** 6-8

**Cost** \$270 (materials provided) 12 weeks

Let's play chess! Learn to play or improve on what you already know -- this class is for players of all levels! In class we will learn how to come up with a plan, find the best opening, and how to play an endgame. Using critical skills and tactics we can develop and improve your calculation, strategic, and critical thinking skills! Our chess class provides a great place for students to learn and have tons of fun!

## **Chocolate Creations for Grades 1-3**

**Instructor** CoderSchool Staff  
**Location** Recreation Building Room B  
**Friday** 2:30-3:40  
**Class size** 10  
**Cost** \$300 (12 weeks)

We will be using Scratch (developed at MIT) to introduce curious kids to the world of coding through the use of animation, music and games. Scratch/Snap! are drag and drop coding platforms that set the foundation for logical thinking - an essential skill that contributes to success in school, sports, and in today's tech-driven world. Students will gain general skills like problem solving, teamwork, code debugging, and perhaps most importantly, will learn and practice the logical thinking skills required to program a computer at any level! In addition students will gain and practice important coding concepts including:- Variables, Loops, If/Then Logic, Cartesian Coordinates and Sprite Movement.

## **Coding: Intro to Python - Introduction to Programming Using Python Grades 4-6**

**Instructor** CoderSchool Staff  
**Location** Recreation Building Room B  
**Friday** 3:50-5:00  
**Class size** 8  
**Cost** \$300 (12 weeks)

Who's ready for some Python? Take advantage of the easy-to-read style of coding while picking up on one of the most popular languages today for professional and beginner coders alike. We'll start out by using online python platforms to learn some basics and practice some fundamental concepts. Then the class will move on to some more complex Python coding and introduce students to PyGame, a python library for using Python to code games. Students will gain general skills like problem solving, code debugging, and perhaps most importantly, will learn and practice the logical thinking skills required to program a computer at any level! Students will gain experience in:- An introduction to a typed language, for those who have only used Scratch.  
- Python syntax (loops, variable, structure, etc), Function calls and Cartesian Coordinates through Python.

## **Cooking Around the World for Grades 4-6**

**Instructor** Vicky Brodt  
**Location** Community Center Kitchen  
**Wed.** 3:10-4:20  
**Class Size** 6-8  
**Cost** \$310 (materials provided) 13 week session

We will "travel around the world" as we cook traditional recipes from around the world and learn about the origins of the dishes we create. Some recipes may be familiar and others will be new and different, but all of them will be yummy. Each child will have a cookbook filled with the recipes we cook to take home at the end of the session.

### **Crafty Creations for Grades 1-3**

**Instructor** Elaine Chu  
**Location** Community Center Room 1  
**Tuesday** 2:30-3:40  
**Class Size** 6-8  
**Cost** \$285 (materials provided) 12 weeks

We'll combine images and a bit of story-telling to make pop-up creatures, "stained glass," magic flexagons, custom blockprints, handmade books, and more. Markers, paints, rubber stamps, wood, paper and recycled materials are just some of the supplies we'll use to create amazing 2D and 3D art! New projects throughout the year.

### **Dance and Fitness Fun for Grades 2-5**

**Instructor** Karma Smart  
**Location** Community Center Main Room  
**Friday** 2:30-3:40 Grades 2-3  
**Friday** 2:50-3:40 Grades 4-5  
**Class Size** 10-12  
**Cost** \$260 (12 weeks)

Get kids moving, increasing strength & flexibility, and working on coordination & balance while dancing and having fun! From tumbling, to games, and challenge activities, the class will move along in a program influenced by dance, gymnastics, and fitness flare!!!! With healthy hearts and active minds students will grow their "I can" attitudes while working on body awareness and gross motor development. Utilization of individual mats, personal hula hoops, and other props will be used.

### **Environmental Science for Grades 2-4**

**Instructor** Veronica Medina-Ross  
**Location** Recreation Building Room B  
**Monday** 2:30-3:40 Grades 2-3  
**Monday** 2:50-3:40 Grade 4  
**Class size** 6-8  
**Cost** \$260 (materials provided) 12 weeks

This science program is based on learning through exploration and experimentation. With fun hands-on experiments and activities, students will learn about our planet systems. Kids will learn the scientific process while creating inspiring and surprising results. Examples of topics to be covered are climate change, water, ecosystems, habitats on Earth. At the end of the program, students will be more aware of ways they can contribute to the protection of our planet.

## **Pickleball for Grades 1-3**

**Location** Tennis Courts  
**Friday** 2:30-3:40  
**Class Size** 6-12  
**Cost** \$250 (12 weeks)

Kassirer Pickleball was created by Laura Kassirer, a former Wimbledon player, so students can have fun learning a sport they can play for a lifetime. Coaches set up portable nets on the tennis courts to create Pickleball courts. Pickleball is a cross between ping pong, badminton and tennis and is a sport the whole family can play together. It is fun and easy to learn and also helps develop the skills needed to learn tennis.

Pickleball is a social sport that allows kids to quickly start rallying, serving and playing games on a court which is 1/4 the size of a tennis court. The game is played with whiffle balls which move slower and have less bounce than a tennis ball. Kids will improve their hand-eye coordination, reaction, fitness and movement. Our coaches also make sure the kids are socializing and having fun! We provide loaner Engage Pickleball paddles during class. Just wear athletic shoes and attire to class and come ready to run, smile and play and our coaches will provide the rest!

Optional: Trident Pickleball paddles can be purchased @ \$45 per paddle. They retail for \$99 per paddle. Ask instructor for details.

**Kassirer Track & Field was created by a former pro athlete, so students can have fun improving their speed, agility and fitness. Our goal is to help youth become better athletes and have fun. Each week, players will get to play track games, utilize agility ladders, and run obstacle courses, plus participate in various track activities including relay races, sprints and long jump! Kids are encouraged to work towards accomplishing individual and team goals and take pride in their improvements. Just wear athletic shoes and attire to class and we will provide the rest!**

### **Unicorns, Rainbows and Glitter for Grades 1-3**

**Instructor** April Schlanger  
**Location** Recreation Building Room C  
**Tuesday** 2:30-3:40  
**Class Size** 6-8  
**Cost** \$265 (materials provided) 12 weeks

**YES...Unicorns! And Narwhals, and really any animal you can put a horn on. What makes these animals so appealing? It could be the rainbows and glitter, but it is probably the positive message of differences being celebrated. Each class will be filled one of the following; crafts, wearable art, outdoor play, baking and dancing. And yes, rainbows and glitter will be everywhere.**

## **The World of Tabletop Role Playing Games – An Introduction for Grades 3-6**

**Instructor** Sean Brodt
